General Information

How do I download the Canvas Student app on my iOS device?

Download the Canvas Student app on your iOS device for easier accessibility to course content.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open App Store

Open your iOS device and tap the **App Store** icon.

Open Search

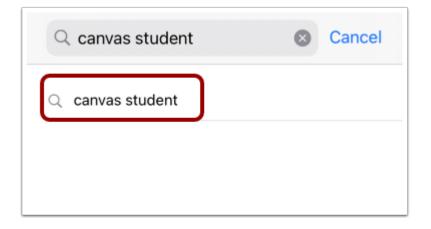

In phone devices, tap the **Search** icon at the bottom of the screen.

In tablet devices, tap the Search field at the top of the App Store.

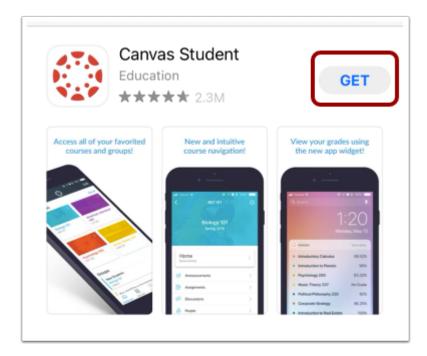

Search for App

In the search field, type Canvas Student in the search field. Tap the full name when it appears.

Select App

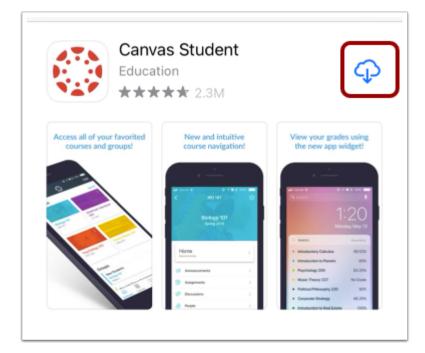

Tap the Get button.

Install App

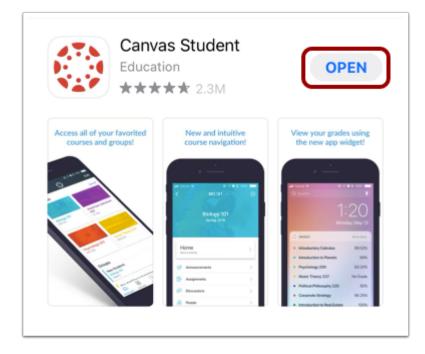

Install the app per your device's installation method.

Note: The App Store may ask for your App Store password to download the app.

Open App

When the app has downloaded and installed onto your iOS device, you can access the app immediately by tapping the **Open** button.

View App on iOS Home Screen

You can also open the app on your iOS home screen by tapping the **Canvas Student** icon.

How do I log in to the Student app on my iOS device with a Canvas URL?

Once you download the Canvas Student app from the iTunes store, you can use the app to log in to your Canvas account.

You can enter your institution's name into the app to locate your account. If the app cannot find your institution by name, you can enter your institution's Canvas URL into the app. If you don't know your Canvas URL, you can <u>log in using a QR</u> <u>code</u>, which does not require knowing your Canvas URL for the mobile app.

If you have multiple accounts and do not want to log in to the app every time, learn how to switch to another user account.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Canvas Student App

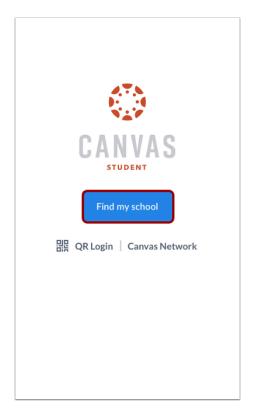

Open your device and tap the Canvas Student icon.

Find Institution

Click the Find My School button.

Search for Institution Name

K Back		Next
What's your schoo	ol's name?	
granite		8
Granite Falls School Di	strict	
Granite Mountain Char	ter School	
Granite School District		
Granite State College		

Enter the name of your institution or school district. If the full name appears in the search list, tap the name.

Notes:

- If you are an admin and your school does not appear in the search list, please contact your CSM about mobile smart search.
- To log in to a Free For Teacher account, enter Free Canvas Accounts or canvas.instructure.com in the search field.

Enter Canvas URL

〈 Back		
What's you	ur school's name?	
		8
Can't find your Tap here for he	school? Try typing the full	school URL.

If the name of your institution does not appear in the search list, you may need to locate your Canvas account by entering the full Canvas URL in the *Find your school or district* text field.

If you don't know your Canvas URL, tap the **Tap Here for Help** link. Or you can <u>log in using a QR code</u>, which does not require knowing your Canvas URL.

View Previous Canvas URL

5 Forgot Password?

After you've located an account, you can view the Canvas URL at the top of the screen [1]. Enter your email [2] and password [3]. Tap the **Log In** button [4].

If you don't know your password, tap the Forgot Password? link [5].

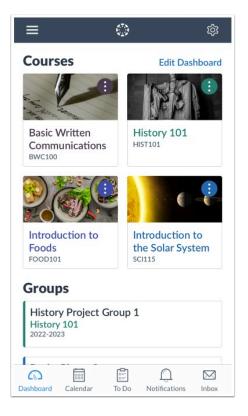

Notes:

- The Canvas email field credential varies according to institution. Some institutions may require a username or account number.
- If your Canvas mobile login page does not show the reset password option, contact your institution if you need to reset your password.
- If your institution requires you to log in to Canvas using their authentication system, you will be redirected to your institution's login page.

View Dashboard

View the Dashboard for your user account.

Learn how to use the Student app.

How do I log in to the Student app on my iOS device with a QR code?

Once you download the Canvas Student app from the iTunes store, you can use the app to log in to your Canvas account.

You can generate a unique QR code from your Canvas web browser to quickly log into the app. This method uses your credentials from the QR code to log you into the app. The QR code is located in your account profile (User Navigation Menu).

If you do not want to locate your Canvas URL every time you log in to Canvas, learn how to switch to another user account.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Canvas Student App

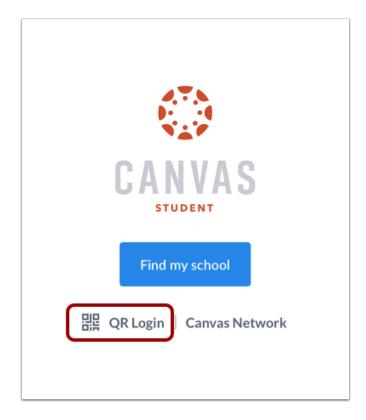

Open your device and tap the Canvas Student icon.

Open QR Login

Tap the **QR Login** link.

View Instructions

You'll find the QR code on account profile. Click 'QR in the list.	
Current Curren	In to the Solar System as a so

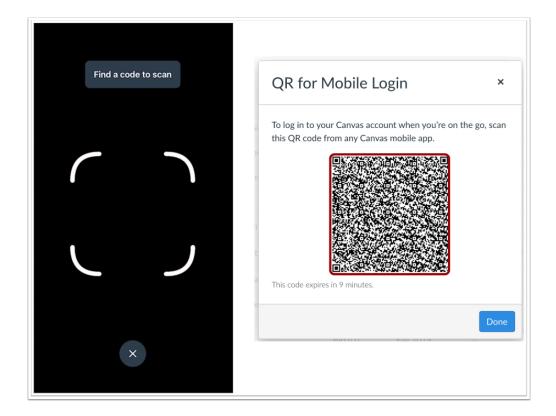

Review the instructions for locating the QR code in the web version of Canvas. The QR code is located in your account profile (User Navigation Menu).

When you have located the QR code, click the **Next** button.

Scan QR Code

Hold your phone up to your computer screen to scan the QR code. Once the code is located, the app will update automatically.

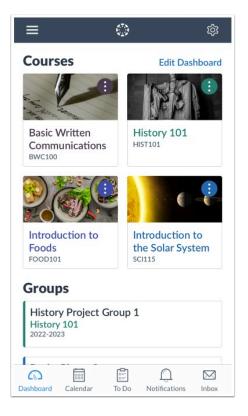

Notes:

- You may have to grant permission for your phone to use your camera.
- The app may take a few minutes to log you in.

View Dashboard

View the Dashboard for your user account.

Learn how to use the Student app.

How do I use the Student app on my iOS device?

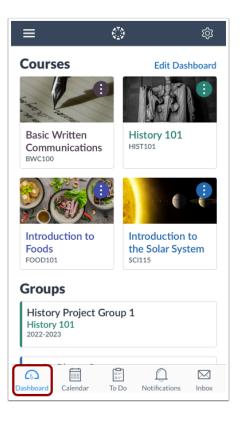

The Canvas Student app helps you access your courses and groups while you are away from a computer browser. he app provides functionality to view and participate in a course or group, as well as view your course calendars, To-Do items, notifications, Conversations messages, and grades.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note:

- Not all Canvas features are supported on the app at this time.
- The Canvas Student app uses your device's settings to set the time zone used within the app.
- To change the language displayed in the Student app, select a language in Canvas from a web browser, log out of the Student app, and log in again.

View Dashboard

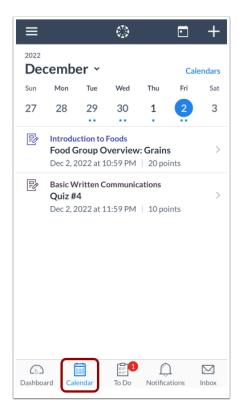

When you log in to the Canvas Student app, the default landing page is the Dashboard. Learn how to change your landing page.

The Dashboard displays all your current courses and groups, including your favorite courses. The Dashboard can also display overall grades in each course. Learn how to <u>view your Dashboard</u>.

View Calendar

The Calendar displays events and assignments for your courses and groups. Learn how to view the calendar.

View To Do List

How do I set Notification Preferences in the Student app on my iOS device?

You can set notification preferences in the Canvas Student app to receive updates about your Canvas courses. Once notifications are selected, notifications are sent to you even if you have not opened the Canvas Student app. You can choose to set notifications for specific communication channels, or you can set notifications for all your available channels.

Communication channels in the Canvas Student app match the same notification options within your Notification Preferences in the browser version of Canvas. Any preferences updated in the app will be reflected in the browser version.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Tap the Pair with Observer link.

Note: If the Pair with Observer link doesn't display in your User Settings, self registration has not been enabled in your account.

View Pairing Code

View the QR code and pairing code to share with an observer to allow them to connect with you [1]. The code will expire in seven days or after one use.

To share the pairing code, the Share icon [2]. You can select where you want to share the pairing code [3].

To return to your user settings, tap the **Done** link [4].

Note: If you have separate devices, observers can log in to Canvas by scanning the QR code using the Parent App.

How do I set a profile picture in the Student app on my iOS device?

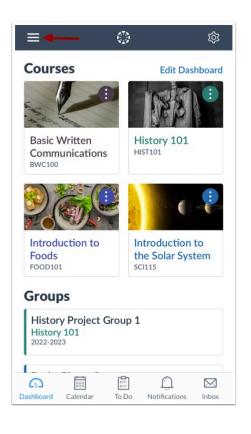

If your institution allows profile pictures, you can add a profile picture in the Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Changing your profile picture in the app will also change the profile picture in your browser version of Canvas.
- If you cannot add a profile picture, your institution has restricted this feature.

Open User Menu

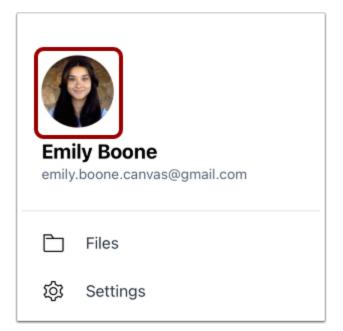

On the Dashboard, tap the Menu icon.

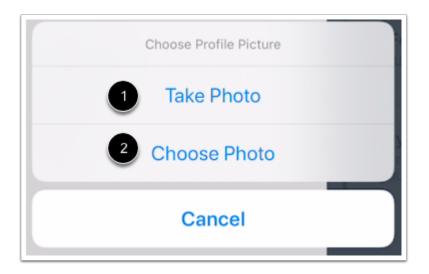

Tap Profile Picture

Tap your profile picture.

Choose Photo Type

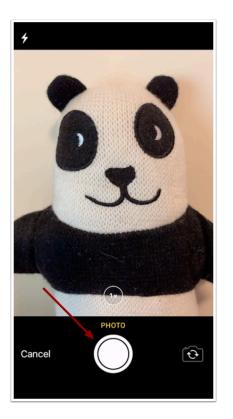

To take a new photo, tap the Take Photo link [1]. To choose a photo from your device, tap the Choose Photo link [2].

Take Photo

To take a photo, tap the **Camera** button.

Use Photo

If you want to re-take the photo, tap the Retake link [1]. Otherwise tap the Use Photo link [2].

Choose Photo

	Favorites 556	>

To choose a photo, locate the photo on your device.

Move and Scale

Move and scale your photo so it fits within the picture parameters [1]. Then tap the **Choose** link [2].

What Student app options can I manage from my iOS device settings?

From your iOS device settings, you can manage access settings, allow cross-website tracking, open external tools in Safari, and reset your cache.

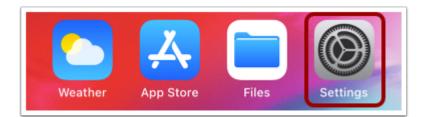

Enabling the option to allow cross-website tracking helps users avoid errors with files, images, and alerts in the Student app. If you are experiencing difficulties downloading files and viewing images in the app, you may want to enable this option .

Enabling the option to open external tools in Safari launches the Safari browser app to view external tools. If this option is not enabled, external tools open in web view inside the Student app. If you are experiencing difficulties viewing external tools in the Canvas Student app, you may want to enable this option.

Resetting your cache clears all information on your device that is specific to the app, including login details, some annotated documents, and app settings. If you experience errors when logging in to the app, you may want to use a cache reset. Because a cache reset removes app information from your device, you may want to try resetting your password or uninstalling the app first.

After enabling the Reset Cache on Next Launch option, you must force close and re-launch the Student app for your cache to reset.

Open Settings

On the home screen, tap the **Settings** icon.

Open Student App Settings

App Features

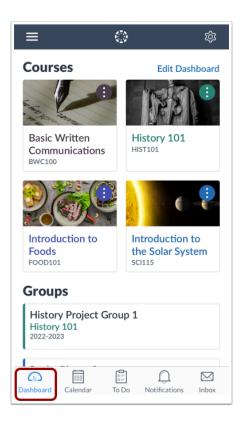

How do I use the Dashboard in the Student app on my iOS device?

The Canvas Student app Dashboard displays your active courses. It can also display course invitations and announcements from your institution.

View Dashboard

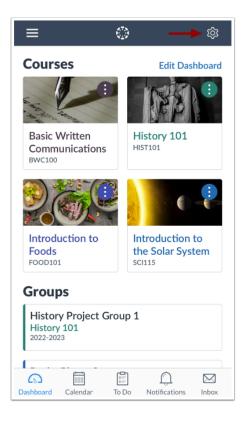

The Dashboard displays all your current courses and groups.

When viewing courses, you can manage how they display in the Dashboard, including background colors and favorite courses. Learn how to <u>manage courses and groups</u>.

Open Dashboard Settings

To open Dashboard Settings, tap the **Settings** icon.

View Dashboard Settings

Done	Dashboar	d Settings	
Display As			
	Grid	List	
	0	0	
	1	2	
Options			
Show Grad	des		\bigcirc
	rlay		\square

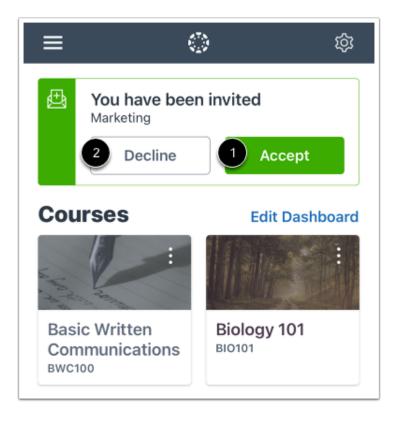

In the Dashboard Settings, you can:

- Display the Dashboard as a grid by tapping the **Grid** option [1]
- Display the Dashboard as a list by tapping the List option [2]
- <u>Show grades</u> on the Dashboard [3]
- Overlay a selected color in courses over Dashboard course cards [4]

View Course Invitation

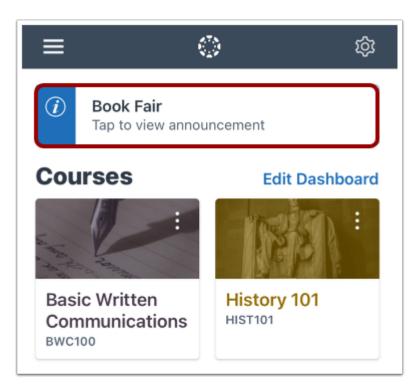

If you have been invited to join a course, you can view the course invitation on your Dashboard. To accept the invitation, tap the **Accept** button [1]. To decline the invitation, tap the **Decline** button [2].

View Global Announcement

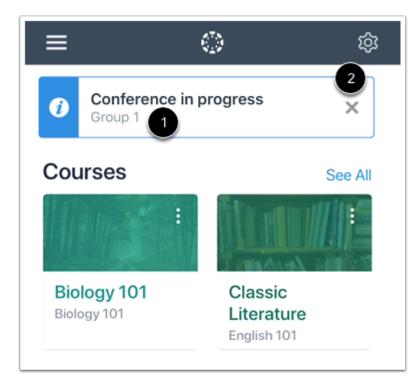

If a global announcement has been sent to students at your institution, you can view the announcement on your Dashboard. To read the announcement, tap the announcement.

View In-Progress Conference

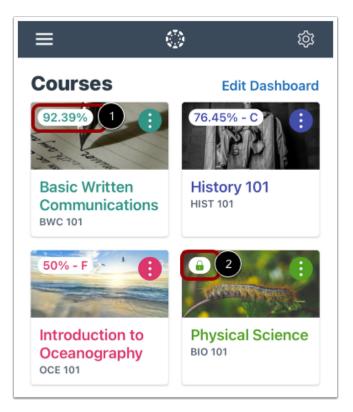

If a course includes a BigBlueButton Conferences, any conference in progress will display on the Dashboard. To join the conference, tap the name of the conference [1]. To dismiss the conference, tap the **Close** icon [2].

View Course Grades

You can display your course grades in the dashboard from the User Menu.

Grades are shown according to the grading scheme for the course (percentage, letter grade, etc.). To view details of a grade, tap the grade percentage [1]. If a lock icon is displayed, your instructor has hidden student grade totals [2].

You can also view your grades within your course.

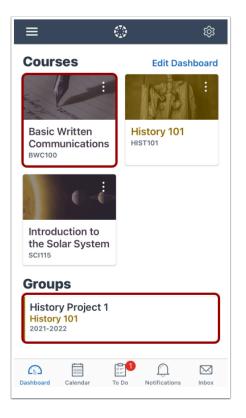

Notes:

- Users who do not have a student role will always see grades with a percentage of zero.
- If enabled in your course, you may only have the ability to view qualitative data, such as letter grades and grading comments.

Open Course or Group

To open a course or group, tap the course or group name.

View Navigation Menu

iPad functionality mimics the web version of Canvas, allowing Course Navigation to be expanded or collapsed for full-screen course viewing. To expand or collapse the Course Navigation menu, tap the **Expand** icon.

How do I manage Courses and Groups in the Student app on my iOS device?

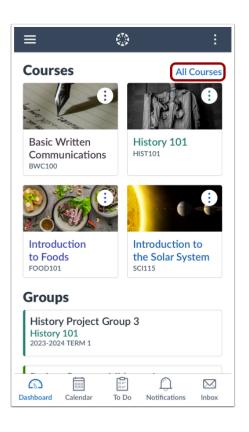

You can view all your courses and groups in the Canvas Student app. You can change your course favorites and change the colors for your Dashboard course cards and groups.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Changes to your favorite courses will apply to the browser version of Canvas.
- You cannot join a group using the Student app, however, you can join a group using the web version of Canvas.

Edit Dashboard

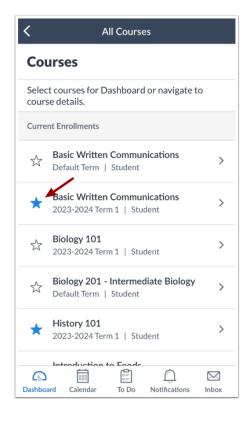

The app defaults to your favorite courses. Favorite courses mirror the courses customized drop-down menu in the web version of Canvas. Changes to your favorite courses will apply to the browser version of Canvas.

To view all your courses and set favorite courses, tap the All Courses link.

Edit Courses

Tap the **Star** icon next to the course you want to favorite. To remove a favorite, tap the **Star** icon again. Changes to the favorites page are applied automatically.

Note: The Courses list includes active and concluded courses.

Edit Groups

<	All Courses

Dashbo	ard Calendar To Do Notifications	Inbox

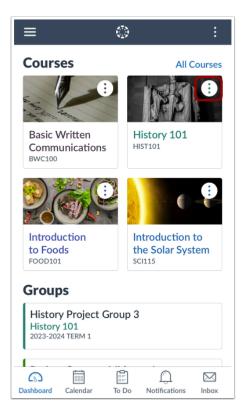

Tap the **Star** icon next to the group you want to favorite. To remove a favorite, tap the **Star** icon again. Changes to the favorites page are applied automatically.

Note: The Groups list includes active and concluded groups.

View Course Card Options

You can change the nickname and color associated with your courses. Course colors help associate course items in other areas of the Canvas Student app, such as in the To Do List and Notifications.

To change the nickname or color for a course, tap the **Options** icon.

Edit Nickname

To change the course nickname, tap the Nickname field [1].

To save your changes, tap the **Done** link [2].

Choose Course Color

To change the course color, tap the new color for your course [1].

To save your changes, tap the **Done** link [2].

Note: To view the selected color across your entire course card, you can enable the <u>Color Overlay option</u> in the User Menu.

How do I view the Calendar in the Student app on my iOS device?

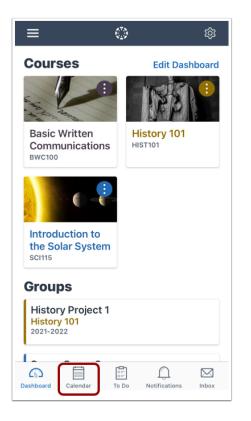

You can view your course calendars in the Student app. The Student app calendar only displays events for courses you have favorited from the Dashboard.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note:

- If you want to view Canvas events in the native iOS calendar, you can also <u>subscribe to the Canvas calendar feed</u> and view Canvas events along with your personal calendars.
- Students cannot sign up for Scheduler appointments or create events in the app.

Open Calendar

On the Dashboard, tap the Calendar icon.

View Calendar

=						+						Ē	+
2020 Api	ril ~				Cale	endars	2020 Ap	ril ~				Cale	ndars

Ð		e Introd	ductions 23:59		6	>	P		Assigr	1 ment W 00:59		2 Its	>

The Calendar page shows all assignments and events for your courses. By default, the calendar displays assignments and events by week. The current date is always selected and indicated by the solid background [1]. Any assignments or events on the current date display below the calendar in an agenda format.

Assignments or events on other dates are indicated by a dot below the date. Multiple dots indicate multiple assignments or events, which can be viewed by tapping the date [2].

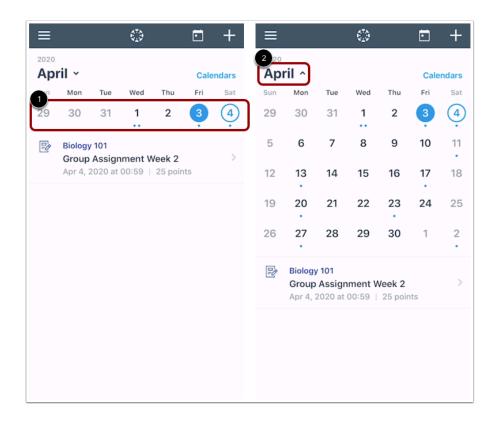

Manage Calendars

≡			٢			+	≡			٢			+
2020 Api	ril ~				1 Cale	endars	2020 Api	ril ~			2	Calenda	ars (3)

29	30	31	1 ••	2	3	4	29	30	31	1 ••	2	3	4

You can manage the courses that display in the calendar by clicking the Calendars link [1].

If you choose to select specific calendars and not all calendars, the number of selected calendars will display next to the link [2].

View Additional Dates

To view assignments and events for other dates, swipe the week view left or right [1].

You can also expand to the calendar Month view by tapping the name of the month [2] and swiping the month view left or right. To return to the current date, tap the **Calendar** icon [3].

View Individual Event or Assignment

Tap the **Delete Account** button.

How do I view the Inbox in the Student app on my iOS device?

Canvas lets you access your Inbox on your mobile device so you can keep in touch with people in your course at any time. The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps. **Note:** Unlike the web version of Canvas, you cannot view assignment comments from your instructor in the Inbox. However, you can <u>view comments in the assignment</u>.

Open Inbox

Dashboa	rd Calenda	r To Do	Notificati	ons Inbox

The Inbox displays all messages you have received and is organized the same way as the browser version of the Inbox. Messages are arranged in chronological order—newer messages appear at the top, and older messages appear near the bottom. New messages are indicated with a blue dot.

Swipe the app from top to bottom to quickly refresh your messages.

View Filters

You can view different types of messages in the Inbox:

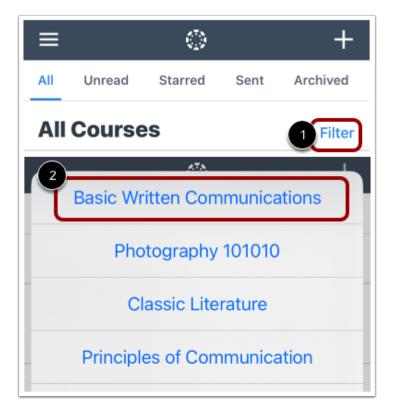

- Unread [1]: Messages that are unread in the Inbox
- Starred [2]: Messages that you've starred in the Inbox

Sent [3]: Messages that you've sent (you cannot view messages sent to others in any other tab until you receive a reply)

Archived [4]: Messages that have been archived

Note: Messages cannot be archived in the Canvas Student app.

View Inbox Filter

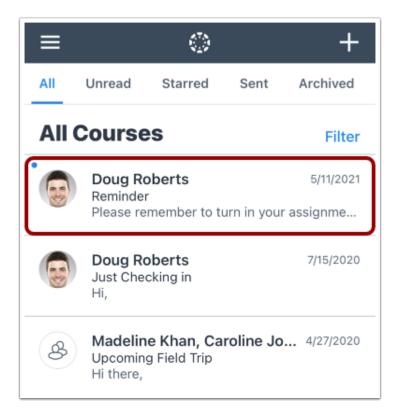

You can also filter your Inbox by course. Tap the **Filter** link [1], then select the course name whose messages you want to view [2].

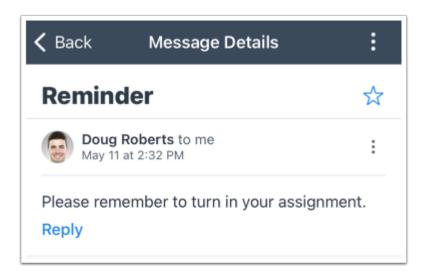

View Messages

To view a message, tap the message you want to open.

View the selected message thread.

View Reply

View your message reply in the message thread [1].

To reply to the message again, click the **Reply** link [2].

How do I view Notifications in the Student app on my iOS device?

The Canvas Student app lets you view notification items in your courses. Notifications gives you an overview of all course notifications, such as changes to an assignment due date, newly created assignments, course announcements, or replies to subscribed discussions. You can interact directly with any items that display as notifications.

You can also set Notification Preferences in the app to receive push notifications for Canvas activity on your mobile phone.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Notifications

To view a notification item, tap the name of the item. The app will redirect to the notification's corresponding page.

Note: You cannot delete notifications.

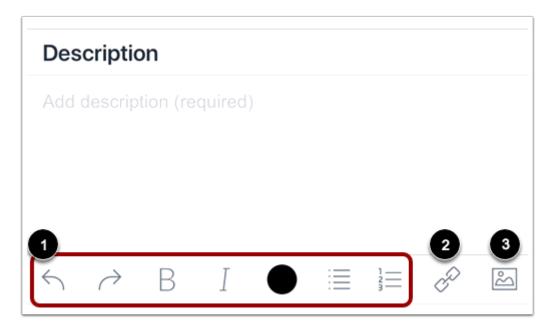

How do I use the Rich Content Editor in the Student app on my iOS device?

You can use the Rich Content Editor to edit and format text in the Student app. The Rich Content Editor is available in Assignments, Announcements, and Discussions.

View Rich Content Editor

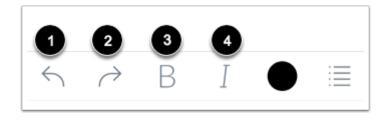

You can use the Rich Content Editor when editing posts and replies in Announcements and Discussions.

The Rich Content Editor allows you to format text [1], add links [2], or attach images [3]. You may have to swipe your screen to the left or right to view all Rich Content Editor icons.

Note: Depending on the feature, you may be able to record or upload media files.

Format Text

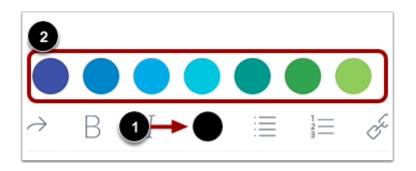

To undo your last action, tap the Undo icon [1]. To redo what was previously undone, tap the Redo icon [2].

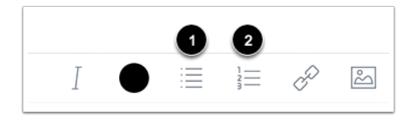

To bold text, tap the **Bold** icon [3]. To italicize text, tap the **Italics** icon [4]. To stop using bold or italics formatting, tap the Bold or Italics icon again.

Change Text Color

To change the text color, tap the **Color** icon [1]. Then tap the color you want to use [2].

Create List

To format text as a bulleted list, tap the Bulleted List icon [1]. To format text as a numbered list, tap the Numbered List icon [2].

Add Link

To add a link, tap the **Link** icon.

Link to Website URL

Link to Website URL			
Title 1

Cancel	ОК		

Enter the link title in the **Title** field [1] and the link URL in the **URL** field [2]. Then tap the **OK** button [3].

Attach Image

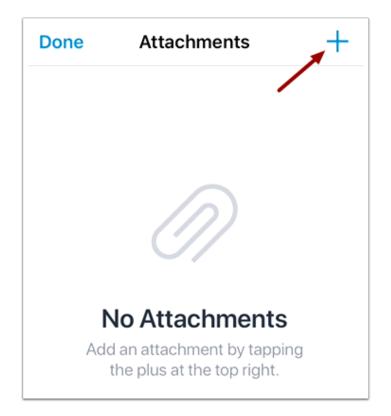

Ι		2	P	ŝ

To attach an image, tap the **Image** icon.

Add Attachment

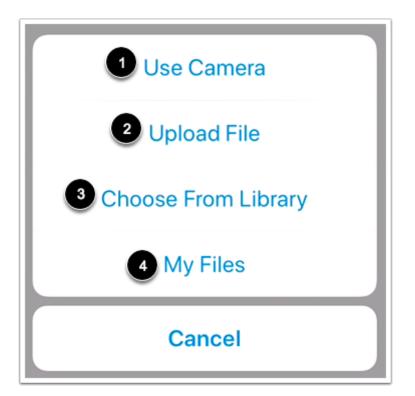

Then tap the **Add** icon.

Select Attachment Option

You can select from the following image attachment options:

- Use Camera [1]: take a picture from your camera.
- Upload File [2]: upload a file from your device.
- Choose From Library [3]: select an image from your photo library.
- My Files [4]: select a file from your personal Canvas files.

View Attachment

Once you have selected your image, it will display on the Attachments page [1].

To delete the image, tap the **Delete** icon [2]. To add another image, tap the **Add** icon [3].

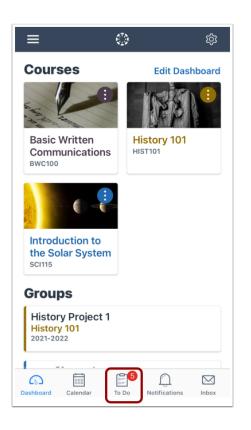

How do I view the To-Do List in the Student app on my iOS device?

The To-Do List gives you a quick view of upcoming graded course activities that you have not yet completed.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open To-Do List

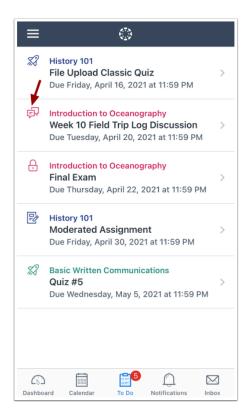

In the Dashboard, tap the **To Do** icon.

View To-Do List

The To-Do List gives you a quick view of upcoming graded assignments, quizzes, and discussions that you have not yet completed. Each item is color-coordinated according to course and displays an icon for its activity type: discussion, quiz, or assignment.

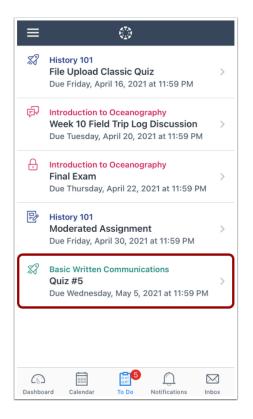

To-do items are organized by due date.

Note: Users who are using the student app with an instructor role will see To Do notifications about grading assignments.

View To-Do List Item

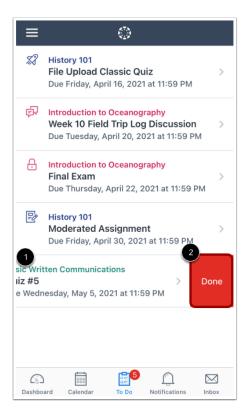

To view a to-do item, tap the name of the item. The app will redirect to the item's corresponding page.

Mark Item as Done

To mark a to-do item as done, swipe the item to the left [1]. Then tap the **Done** button [2].

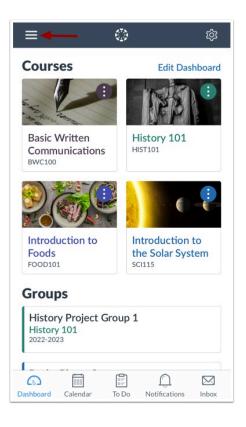

How do I view my User Files in the Student app on my iOS device?

You can view personal files that you've added to your account on the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Learn how to manage your personal files.

Open User Menu

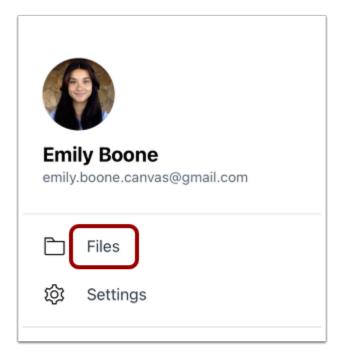

In the Dashboard, tap the Menu icon.

Open User Files

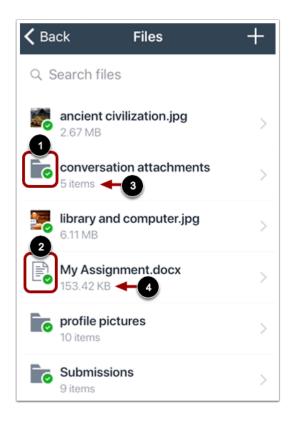

Tap the **Files** link.

View User Files

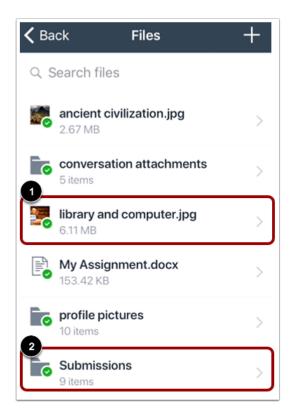

User Files displays file folders [1] and file items [2].

File folders show how many file items are within a folder [3]. Individual files show the size of the file [4].

View Files and Folders

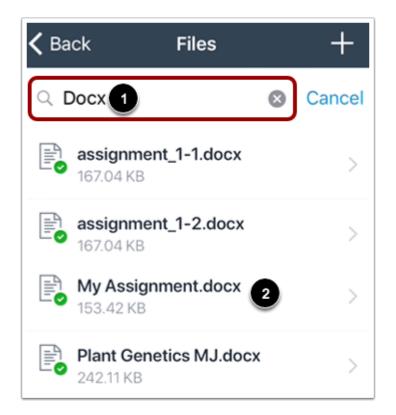

To view files within a folder, tap the name of the folder [1].

To view a specific file, tap the name of the file [2]. If your device has an application installed that can display the file, you can view the file in the app.

Search Files

To search for a file, tap the Search field [1]. Then enter the name of the file you want to view.

To open the file, tap the name of the file in the search results [2].

Notes:

- You must type three or more characters for search results to display.
- Search results will not include file folders.

View File

View your file [1]. You can also share your file by tapping the **Share** icon [2].

To return to the file folder, tap the **Back** link [3].

Note: Not all file types support sharing.

How do I manage my User Files in the Student app on my iOS device?

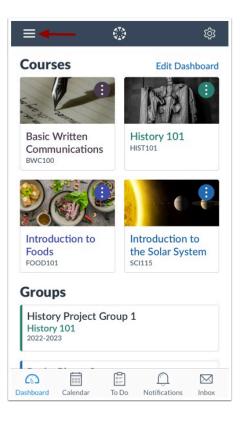

You can manage all the personal files in your Canvas account in the Canvas Student app. If necessary, you can manage My Files to clear up space within your course account.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- The Unfiled Folder stores documents, graphics, and any other files from your account that you have posted to different areas of Canvas, such as Discussions. Deleting these items within current courses may create broken links and submissions.
- You cannot delete files that have been submitted as an assignment.
- You cannot move files from one folder to another in the Canvas Student app.

Open User Menu

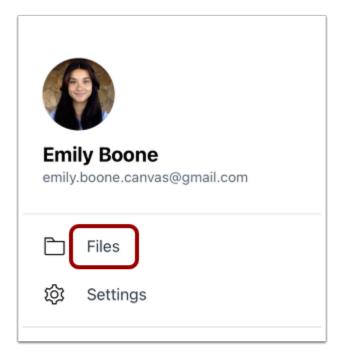

In the Dashboard, tap the Menu icon.

Open User Files

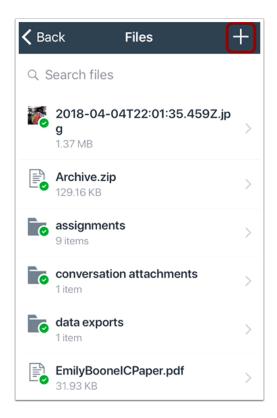

Tap the **Files** link.

Add Item to Files

Tap the Add icon.

Note: The Add icon appears in every files window so you can build hierarchal levels of folders and files.

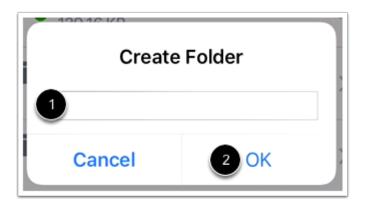

Add Folder

Create Folder
Add File
Cancel

To create a new folder, tap the **Create Folder** button.

Save Folder

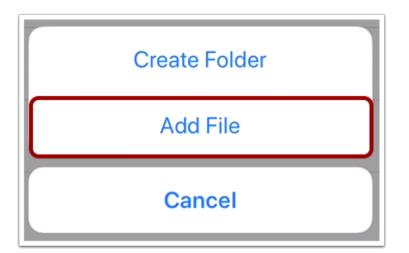

To create a new folder, type the name of the folder in the text field [1]. Tap the OK button [2].

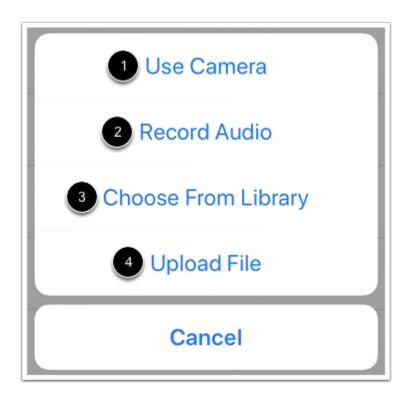

Upload File

To upload a file, tap the **Add File** button.

View Upload Options

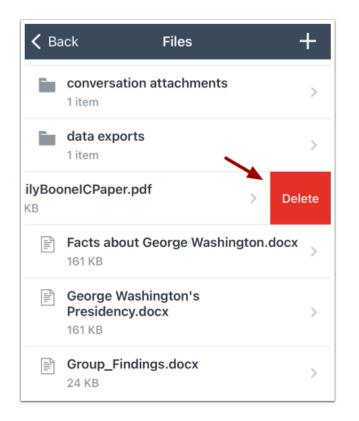

When uploading a file, you can take a photo from your camera [1], record audio [2], select a photo from your device library [3], or upload a file from your device [4].

Delete File

To delete a file, swipe left on your device and tap the **Delete** button.

Note: You cannot delete files that have been submitted as an assignment.

How do I add a Canvas widget for the Student App to my iOS device?

The Canvas Student app comes with a widget for quick access to grades.

The Canvas Student Grades widget displays the current grade for up to eight courses.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Depending on your iOS device, the steps to install a widget may vary from what is pictured below. If you have questions, please refer to your device instructions on how to install a widget.
- The Student Grades widget will not display grades if multiple users are logged into the Student app.
- Widgets are not available for the Canvas Teacher or Canvas Parent apps.

How do I view Conferences in the Student app on my iOS device?

You can use your mobile device to participate in a course conference. This lesson shows how to join a conference and use the Conferences interface on an iOS device. The Conferences interface uses the BigBlueButton web conferencing system.

To use the Conferences interface on an iOS device, you can join a conference from your Safari browser or open Safari from the Student app. You cannot participate in a conference in the Student app. When participating in a conference with an iOS device, you must use iOS 11 or later and the Safari browser.

This guide provides a basic overview of the Conferences interface. To learn more about specific features, view BigBlueButton's <u>HTML5 user documentation</u>.

Open Conferences

K BIO 101

🖾 Grades	>
& People	>
🛅 Files	>
₽ Pages	>
🖹 Syllabus	>
Cutcomes	₿
🔊 Quizzes	>
A BigBlueButton	>

In Course Navigation, tap the link for your web conferencing tool. The link name reflects the conferencing tool used by your institution.

View Conferences

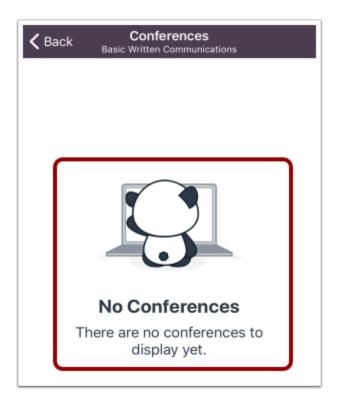

The Conferences page displays all conferences in your course. New conferences, including in-process conferences, display in the New Conferences section [1]. Concluded conferences display in the Concluded Conferences section [2].

To view conference details, tap the name of a conference [3].

View No Conferences

If your course does not have any conferences, the Conferences page displays a **No Conferences** notification.

Open In Progress Conference

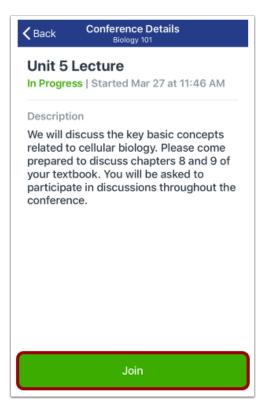

To open a conference that has started, tap the name of the conference [1].

Note: If the In Progress label does not display for your conference, the conference has not started [2].

Join Conference

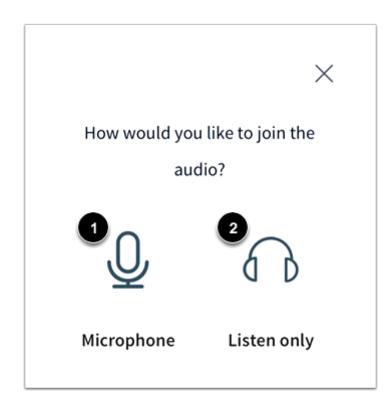

To join an in progress conference, tap the **Join** button.

Join Audio

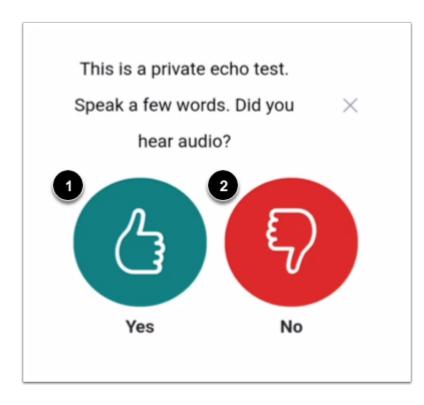

Before joining a conference, you will be asked how you want to join the conference audio. To use your microphone during the conference, tap the **Microphone** icon [1]. You will then need to follow the steps below to enable your microphone.

To quickly join the conference as a listener only, tap the Listen Only icon [2]. You will be taken directly to the conference.

Complete Echo Test

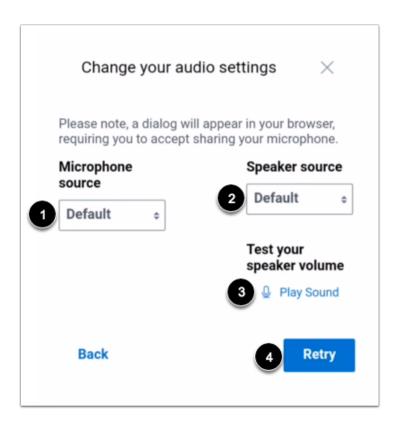

To test your microphone, you will need to complete an echo test. Speak a few words and listen for an echo. If you hear an echo, tap the **Yes** icon [1]. You will be taken directly to the conference.

If you do not hear an echo, tap the **No** icon [2]. Tapping the No icon will allow you to change your audio settings and retry the echo test.

Change Audio Settings

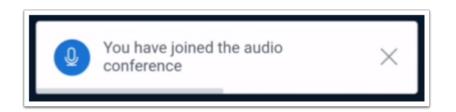

You can change various audio settings for your device. To change the microphone source, tap the **Microphone source** dropdown menu [1].

To change the speaker source, tap the **Speaker source** drop-down menu [2]. To test the speaker volume, tap the **Play Sound** link [3].

To retry the echo test, tap the **Retry** button [4].

View Confirmation Message

A confirmation message will display to confirm you have joined the conference.

View Conferences Interface

The Conferences interface includes four different areas that allow you to participate in the conference:

- Presentation Window [1]
- User Menu [2]
- Conference Tools [3]
- Options Menu [4]

View Presentation Window

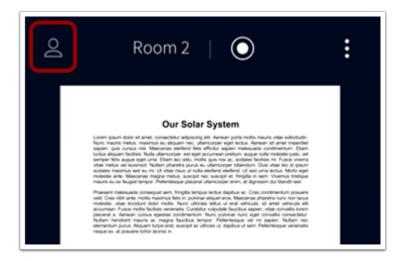

The Presentation window displays the conference presentation [1].

You may be able to use the multi-user whiteboard to interact directly in the presentation [2]. If the toolbar is not available in the window, the multi-user whiteboard has not been enabled by your presenter.

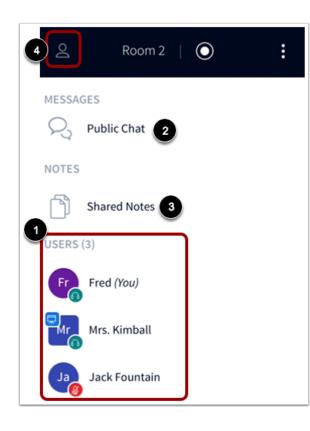

Open User Menu

To open the User Menu, tap the **Users** icon.

View User Menu

All of the users in the conference will display in the Users list [1].

To open the chat, tap the Public Chat link [2]. To view the shared notes, tap the Shared Notes link [3].

To exit the User Menu, tap the Users icon [4].

View Conference Tools

The Conferences Interface includes tools to manage the audio and video elements of the conference.

To mute or unmute your microphone, tap the **Microphone** icon [1].

To leave or join the conference audio, tap the Audio icon [2].

To enable your webcam, tap the Webcam icon [3].

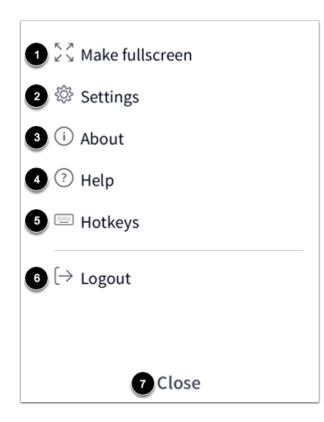

Open Options Menu

To open the Options Menu, tap the **Options** icon.

View Options Menu

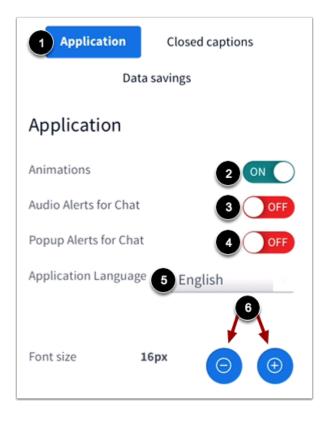

From the Options Menu, you can:

- Enter or exit fullscreen mode [1]
- Open the Settings menu [2]
- View information about the Conferences tool [3]
- View BigBlueButton tutorial videos [4]
- View Conferences hotkeys [5]
- Log out of the Conferences tool [6]

To close the Options menu, tap the **Close** link [7].

View Application Settings

From the Settings menu, you can manage additional settings for the Conferences interface. By default, the Settings menu will open to the **Application** tab [1].

To enable or disable animations for conference audio, tap the Animations button [2].

To enable audio alerts, tap the **Audio Alerts for Chat** button [3]. To enable popup chat alerts, tap the **Popup Alerts for Chat** button [4].

To change your language, tap the Application Language menu and select your preferred language [5].

To adjust the font size, tap the **Increase** or **Decrease** icon [6].

View Data Savings Settings

Application	Closed captions avings
Data savings	
To save your bandwidth being displayed.	adjust what's currently
Enable webcams	2 ON
Enable desktop sharing	

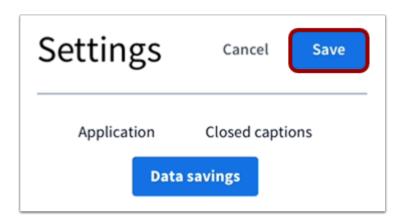

To manage data savings, tap the **Data Savings** tab [1]. Data saving settings can significantly improve the performance of the Conferences interface when using a mobile device.

To enable or disable your webcam, tap the **Enable Webcams** button [2]. To enable or disable desktop sharing, tap the **Enable Desktop Sharing** button [3].

Save Settings

To save your changes to the Settings menu, tap the **Save** button.

How do I view Discussions in the Student app on my iOS device?

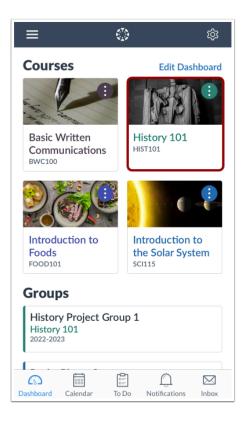

The Canvas Student app helps you keep track of all course discussions. You can also view newly created discussions or changes to discussions in the Notifications tab.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- The Course Navigation menu matches the browser version of your Canvas course. If Discussions is not available in Course Navigation, it will also be hidden from view in the app.
- Viewing rubrics in graded discussions is not supported in the app.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

Open Discussions

Your assignment is to find at least two news media science articles or videos. These are articles in newspapers, magazines (pop culture or science magazines such as popular science), TV news, etc. Please respond to this discussion board with links to your chosen articles along with a short description of each. The description should be long enough for us to understand the major topic presented in the article (1-3 sentences).

← Reply

To reply to the main discussion, tap the **Reply** button.

Reply to Discussion Reply

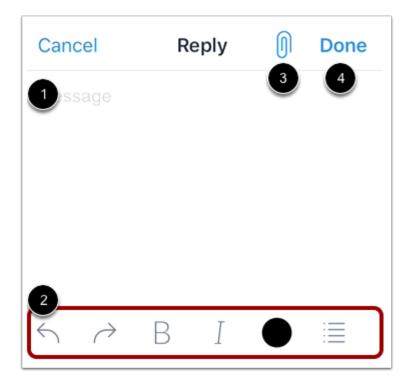

In this discussion, please discuss what you read in Chapter 1 of the textbook.

View the course file [1]. You can also share the file by tapping the **Share** icon [2].

Note: Not all file types support sharing.

How do I view Course Grades in the Student app on my iOS device?

You can view your course grade in the Canvas Student app.

Grades are viewed from the Course Navigation link. However, the Course Navigation menu matches the browser version of your Canvas course. If Grades is not available in Course Navigation, it will also be hidden from view in the app.

Currently your total score displays as a percentage, even if your instructor has configured your course grades to display as a point value on the web.

If your course is using Multiple Grading Periods, you can filter grades by grading period. If your course is not using Multiple Grading Periods, the Grades page shows all assignments and grades for the entire course. If the Dashboard does not show a total grade, there are no active grading periods in your course.

If enabled in your course, you may only have the ability to view qualitative data, such as letter grades and grading comments.

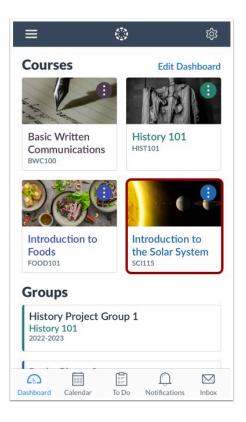

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

You can also view your grades in the Dashboard and by adding a Canvas widget to your iOS device.

Open Course

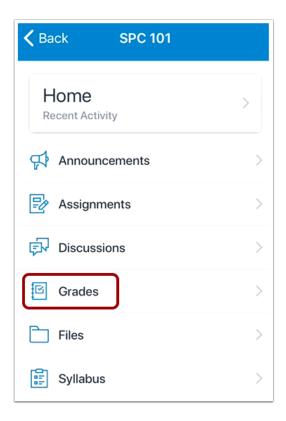

In the Dashboard, tap the name of the course you'd like to view.

Open Grades

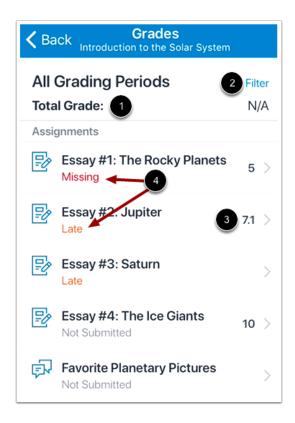

Tap the Grades link.

Note: You may have to swipe your screen to view the Grades link.

View Course Grades

Your total score appears at the top of the page [1]. If your course is using Multiple Grading Periods, you can also filter grades by grading period [2].

If a grade has been awarded for an assignment, the assignment displays the score you have earned [3]. Grades also include labels for late, missing, and unsubmitted assignments [4].

Note: If enabled in your course, you may only have the ability to view qualitative data, such as letter grades and grading comments.

How do I view Modules in the Student app on my iOS device?

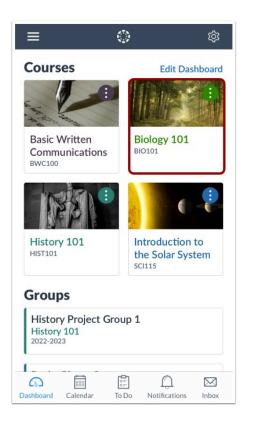

The Canvas Student app gives you access to Modules in your courses.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- The Course Navigation menu matches the browser version of your Canvas course. If Modules is not available in Course Navigation, it will also be hidden from view in the
- If your instructor includes a file in Modules, you may use the same PDF annotations as submitting a PDF assignment.

Open Course

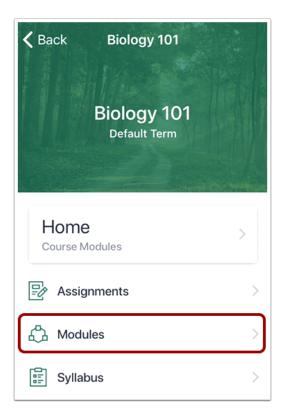

On the Dashboard, tap the name of the course you'd like to view.

Open Modules

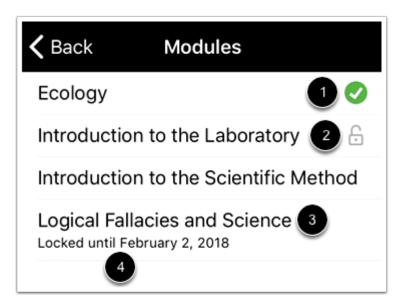

Tap the **Modules** link.

Note: You may have to swipe your screen to view the Modules link.

View Modules

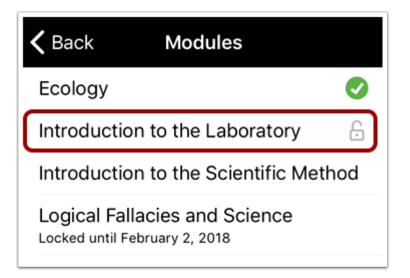

The app displays all the Modules in your course.

If you are a student, each module displays an icon next to the status of the module, which can be completed [1], unlocked [2], or locked [3].

Modules may be locked by prerequisites, or if the module is locked by a date, the date of the module is posted under the module title [4].

Open Module

To view items within a module, tap the name of the module.

View Module Items

Biology 101

Environment

THE PROBLEM WITH environmentalists, Lynn Margulis used to say, is that they think conservation has something to do with biological reality. A researcher who specialized in cells and microorganisms, Margulis was one of the most important biologists in the last half century—she literally helped to reorder the tree of life, convincing her colleagues that it did not consist of two kingdoms (plants and animals), but five or even six (plants, animals, fungi,

How do I view the rubric for my assignment in the Student app on my iOS device?

Your instructor may include a rubric as part of your assignment. A rubric is a set of criteria that your instructor will use to grade your assignment. Before submitting your assignment, you view an assignment rubric to evaluate your own work and make sure your assignment fulfills your instructor's requirements.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: Not all assignments may include a rubric.

To view a rating for a criterion, tap the criterion's **Number** button [1].

The criterion rating description displays below the criterion rating [2].

How do I upload a file as an assignment submission in the Student app on my iOS device?

You can upload files from your iOS device for an assignment submission. Once you submit your assignment, you can verify your assignment submission. You can also resubmit assignments if your instructor allows.

You can also submit an assignment from a <u>third-party app</u>, such as Google Drive and Dropbox.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

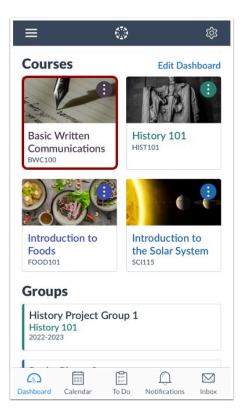

Notes:

- Your instructor may restrict certain assignment types, including file uploads, so this option may not be available for your assignment submission.
- If your assignment includes a link to a PDF file, you can add annotations as part of your submission.
- If enabled in the browser version of Canvas, you will see celebration animations when you submit an on-time assignment in the Student app.
- To learn more about File Upload and Media Recording submissions in the Canvas Student app, view the <u>Canvas Media</u> <u>Comparison PDF</u>.
- You can share files using the <u>Share button</u> on your device.

How do I submit a PDF assignment with annotations in the Student app on my iOS device?

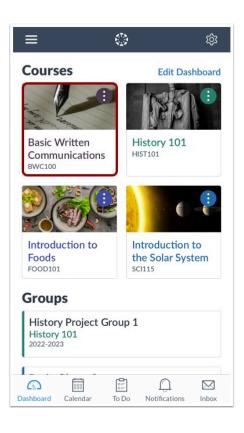

Canvas allows you to add annotations to PDF files for assignment submissions. Available annotations include highlight, underline, squiggly, strikeout, free text, and drawing.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- If enabled in the browser version of Canvas, you will see celebration animations when you submit an on-time assignment in the Student app.
- If you need to edit your PDF annotations, tap the file link in the assignment description and submit the assignment again.
- PDF annotations are automatically saved.
- If your instructor includes a file in Modules, you may use the same PDF annotations as submitting a PDF assignment.

- To close the toolbar, tap the **Close** icon [10].

To move the toolbar, tap and hold the drag handle [11], and move it to the new location. The toolbar can be relocated to either side of the screen.

Use Text Annotation Tool

To view the text annotation options, tap and hold the Text Formatting icon [1].

The Text Format option allows you to highlight [2], underline [3], squiggle [4], and strikethrough [5] text.

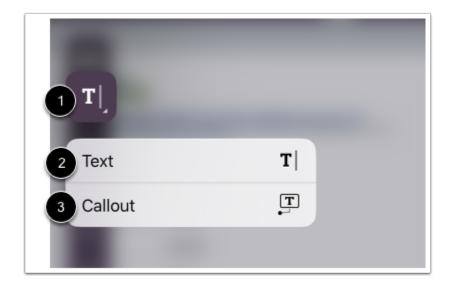

Change Text Annotation Color

To change the text annotation tool color, tap the color icon [1], then tap to select a color [2]. To dismiss the menu and add annotations, swipe down on the menu [3].

Use Free Text Annotation Tool

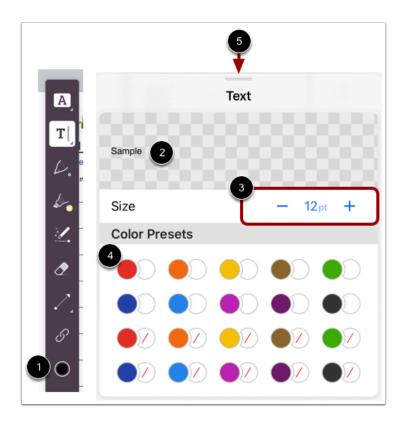

To view the text annotation options, tap and hold the **Free Text** icon [1]. You can select to add text [2] or add comments [3].

Select Free Text Formatting

To format your text annotations, tap the color icon [1]. You can preview your formatting options in the Sample field [2]. You can adjust the font size [3] and color [4]. To dismiss the options and add annotations, swipe down on the menu [5].

Use Pen Annotation Tool

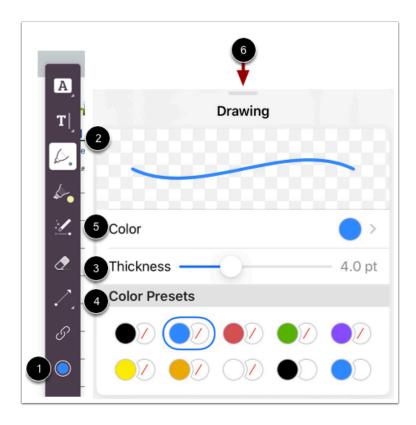

You can draw thin lines, bold lines, and shapes. Tap the **Pen** icon.

Select Pen Formatting

To format your pen annotations, tap the color icon [1]. You can preview your formatting options in the Sample field [2]. You can adjust the pen thickness [3] and color [4]. For more color options, tap the **Color** menu [5].

To dismiss the options and add annotations, swipe down on the menu [6].

Use Highlight Annotation Tool

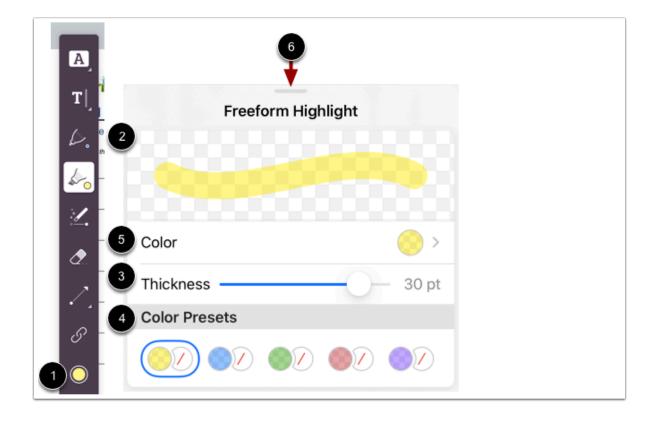

You can highlight text. Tap the **Highlight** icon.

Select Highlight Formatting

To format your highlight annotations, tap the color icon [1]. You can preview your formatting options in the Sample field [2]. You can adjust the highlight thickness [3] and color [4]. For more color options, tap the **Color** menu [5].

To dismiss the options and add annotations, swipe down on the menu [6].

Use Free-Draw Annotation Tool

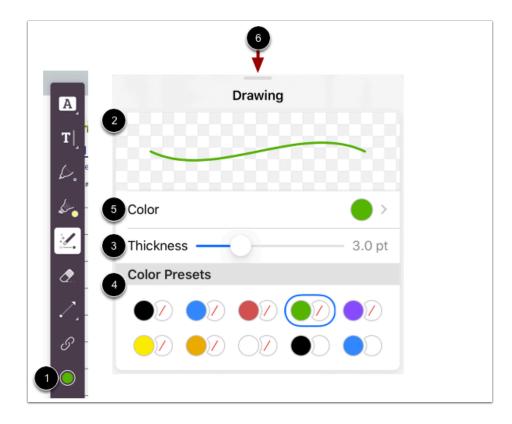

You can free-draw lines and shapes. Tap the Free-Draw icon.

Select Free-Draw Formatting

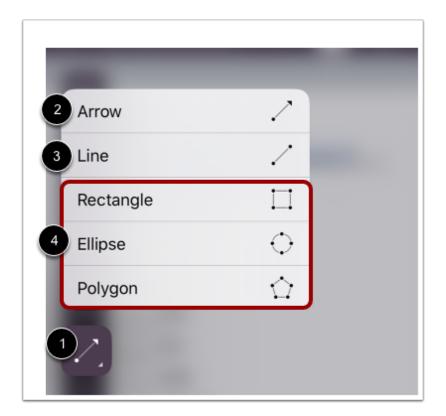

To format your free-draw annotations, tap the color icon [1]. You can preview your formatting options in the Sample field [2]. You can adjust the free-draw thickness [3] and color [4]. For more color options, tap the **Color** menu [5].

To dismiss the options and add annotations, swipe down on the menu [6].

Use Line Annotation Tool

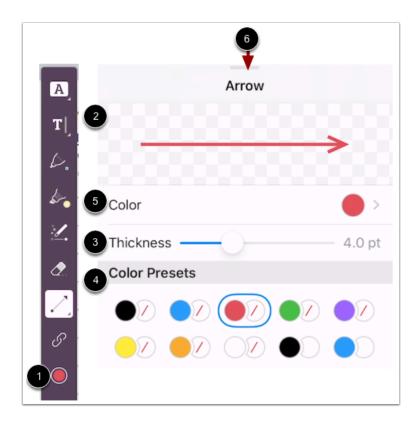

To view the line annotation options, tap and hold the Line icon [1]. You can draw arrows [2], lines [3], and shapes [4].

Select Line Formatting

To format your line annotations, tap the color icon [1]. You can preview your formatting options in the Sample field [2]. You can adjust the line thickness [3] and color [4]. For more color options, tap the Color menu [5].

To dismiss the options and add annotations, swipe down on the menu [6].

Use Link Annotation Tool

How do I annotate a file as an assignment submission in the Student app on my iOS device?

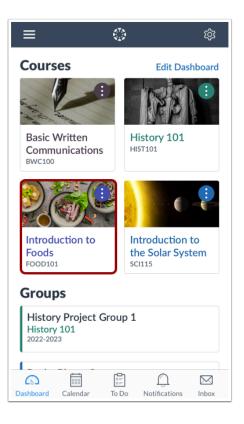

Your instructor may upload a file for you to annotate as your assignment submission. You can annotate and submit a file as your assignment submission within the Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- If enabled in the browser version of Canvas, you will see celebration animations when you submit an on-time assignment in the Student app.
- If you need to edit your PDF annotations, tap the file link in the assignment description and submit the assignment again.
- Group assignments do not support the student annotation submission type.

Open Course

In the Dashboard, tap the name of the course you'd like to view.

How do I submit an assignment from a third-party app to the Student app on my iOS device?

Canvas makes it easy to submit assignments on your mobile device by linking them from third-party apps, such as Google Drive, Dropbox, and Microsoft OneDrive.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Before uploading an assignment to the Canvas Student app:
 - the assignment must already be uploaded to the third-party app.
 - the third-party app must be installed on your iOS device.
- If enabled in the browser version of Canvas, you will see celebration animations when you submit an on-time assignment in the Student app.
- To learn more about File Upload submissions in the Canvas Student app, view the Canvas Media Comparison PDF.

Open Third-party App

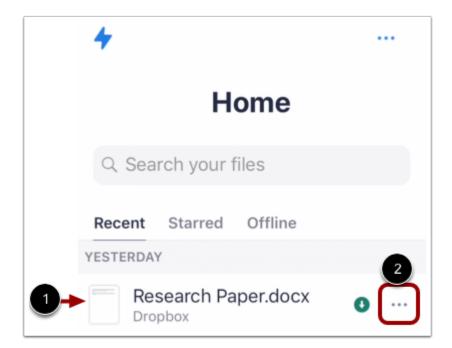

On your iOS device, tap to open the third-party app.

Submit from Dropbox App

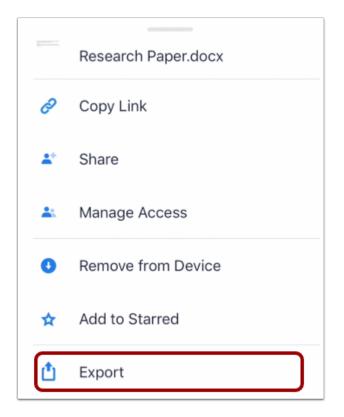

Locate the file you wish to submit as a Canvas assignment [1]. Tap the **Options** icon next to the file name [2].

Export Dropbox File

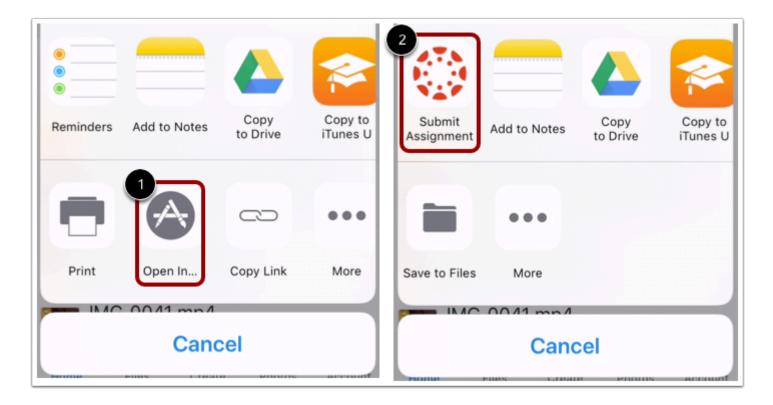

Tap the **Export** link.

Open in App

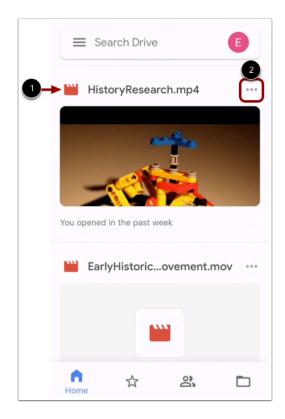

Tap the Open In... link [1]. Then tap the Submit Assignment link [2].

Submit from Google Drive App

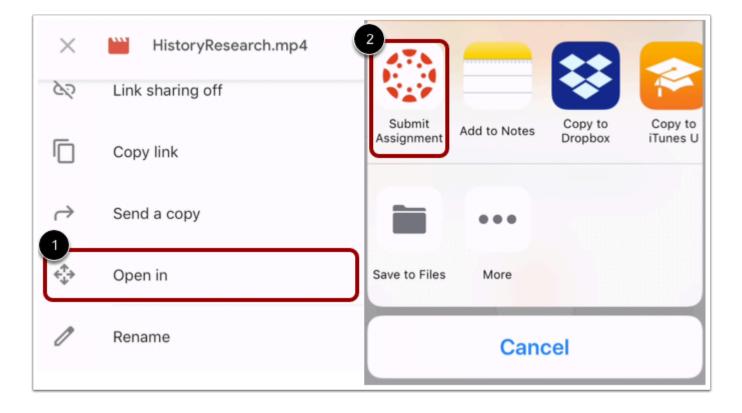

Locate the file you wish to submit as a Canvas assignment [1]. Then tap the **Options** icon next to the file name [2].

Open File in Canvas

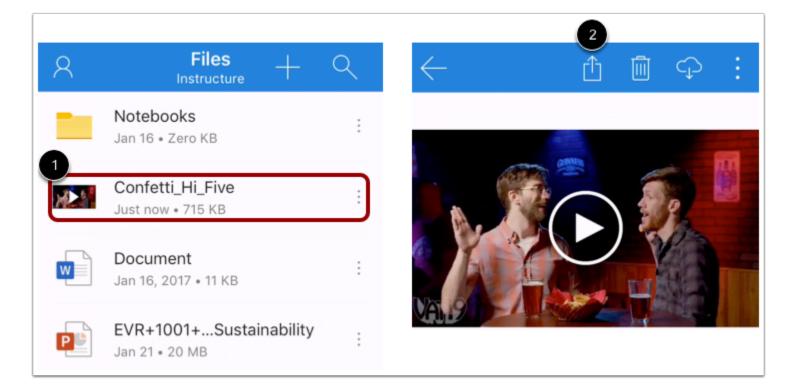

Tap the **Open in** link [1]. Once the file is prepared for export, tap the **Submit Assignment** link [2].

Submit from Microsoft OneDrive App

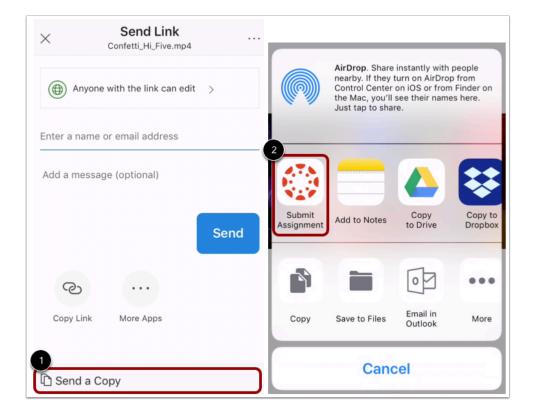

Tap the name of the file you wish to submit as a Canvas assignment [1]. Then tap the Share icon [2].

Send a Copy to Canvas

Tap the Send a Copy link [1]. Then tap the Submit Assignment link [2].

Admin Features

How do I act as a user in the Student app on my iOS device?

Acting a user allows admins to login as the user without a password. You can take any action as though you are the user but the audit logs will show that you performed the tasks while acting as a user. Only admins with the correct permissions can act as other users.

You can act as a user from the User Menu. Make sure you have the user's ID associated with the correct Canvas URL.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: When acting as a user, language preferences do not apply and will always be shown in the default language.

Open User Menu

3	Act as User

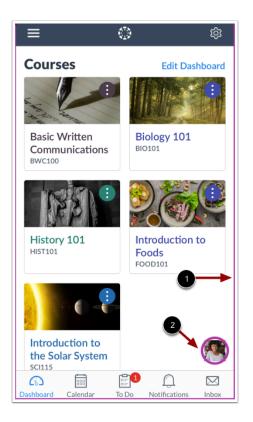

In the User ID field [1], enter the Canvas ID number for the user. The domain will already be populated for you [2]. Then tap the Act as User button [3].

Note: The user's Canvas ID can be found as part of the user's URL in the web version of Canvas. Make sure you have the user's ID associated with the correct Canvas URL.

View App as User

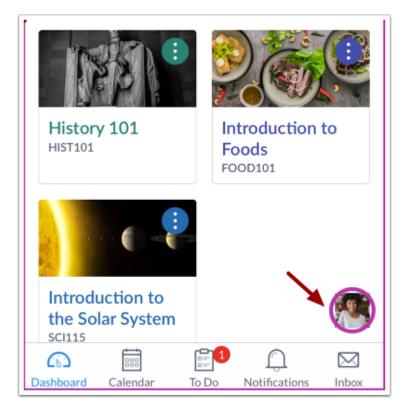

View the Student app as the user. A magenta border [1] and the user's **Profile** icon displays on every page while you are acting as the user [2].

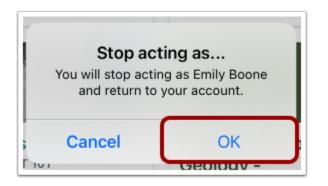

Stop Acting as User

To stop acting as user, tap the user's **Profile** icon.

Return to Account

To confirm and return to your account, tap the **OK** button.

How do I streamline Canvas Student app login for iOS devices at my institution?

You can simplify the Canvas Student app login process by configuring your Mobile Device Management (MDM) provider. Students may be directed to your institution's Canvas login page, or you can configure direct login access for students.

Canvas supports authentication with a variety Mobile Device Management (MDM). Authentication must be configured in your MDM interface.

Note: The information in this lesson only affects iOS devices. Student using Android devices will not notice any changes to their login screen.

Specify Host for Login

You can configure your institution MDM to display a direct link to your institution's Canvas login page in the Canvas Student app.

To specify a host in your institution's MDM profile configuration, enter the following in your MDM configuration field.

<dict>

<key>enableLogin</key>

<true/>

<key>host</key>

<string>institution URL</string>

</dict>

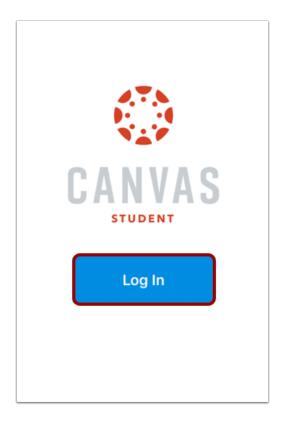

Institution Specific Data

You must enter your institution URL in the authentication string. For example, if your institution url is <u>https://canvas.instructure.com</u>, enter *canvas.instructure.com*.

View Student Login

When students open the Canvas Student app on their iOS device, a Log In button displays.

When students tap the Log In button, they are directed to the specified host configuration login page.

Specify Direct Login

Alternatively, you can configure your institution MDM to automatically log in student users from the Canvas Student app login page.

To enable direct login for student users in your institution's MDM profile configuration, enter the following:

<dict>

```
<key>enableLogin</key>
```

<true/>

<key>users</key>

<array>

- <dict>
- <key>host</key>
- <string>institution URL</string>
- <key>username</key>
- <string>student username</key>
- <key>password</key>
- <string>student password</string>
- </dict>
- </array>
- </dict>

Institution Specific Data

To correctly configure Direct Login for students at your institution, you must specify the following data for each MDM profile.

- Institution URL: enter your institution URL. For example, if your institution url is https://canvas.instructure.com, enter canvas.instructure.com.
- Student Username: enter student usernames for whom you wish to set up direct login.
- Student Password: enter student passwords for whom you wish to set up direct login.

Configuring Direct Login for Multiple Students

To configure Direct Login for multiple MDM profiles, the above string must be configured in each profile.

To configure Direct Login for multiple students in one MDM profile, add a host, username, password string for each student in the profile. This configuration might look like this:

<dict>

<key>enableLogin</key>

<true/>

<key>users</key>

<array>

<dict>

<key>host</key>

<string>institution URL</string>

<key>username</key>

<string>student username1</key>

- <key>password</key>
- <string>student password1</string>

</dict>

<dict>

<key>host</key>

<string>institution URL</string>

<key>username</key>

<string>student username2</key>

<key>password</key>

<string>student password2</string>

</dict>

</array>

</dict>

View Student Direct Login
