**KEY ASSUMPTIONS**

**HOW WE MEASURE SUCCESS**

Resident Directors and Instructional Designers trained & supported

→ Staff know how to administer Canvas at their study center

→ Staff motivated to administer Canvas at their study center

Instructors trained and supported

→ Instructors know how to teach with Canvas

→ Instructors motivated to use Canvas with their courses

Students self-educate on using Canvas and care about grades

→ Students know how to use Canvas

→ Students motivated to use Canvas

Question: Do Admins have the skills and motivation to administer Canvas in their study centers?

Measures: Admin completion of training course, plus survey at beginning of each semester

Question: Are Instructors using Canvas/Are Students getting Canvas in their courses?

Measures: page views per student per semester for components listed on Canvas sub account dashboard

Question: Do Instructors have the skills and motivation to use Canvas in their courses?

Measures: Instructor completion of training course, plus survey at beginning of each semester

Question: Is the use of Canvas enriching the learning and teaching environment?

Measures: Include perceptions question in semester survey to Instructors, plus grow more sophisticated with Canvas data and outcomes tracking
