Be in the know for Product!

Want to learn about a feature gets on the roadmap and the product process? In the links below, learn about the feature lifecycle, get product insights, participate in feature idea conversations, provide feedback about beta features, and view details of recent releases.

How We Product | Canvas 101 | Idea Conversations | Beta Features | Release Notes

Initiatives | February 2021 | March 2021 | April 2021

**Canvas LMS**
- **Anonymous Assignments in Grade Calculations**
  - Allow unposted anonymous assignments to be ignored in grade calculations and CSV exports.

- **Assignment Webcam Submissions**
  - Allow students without mobile devices to submit an image of their work for grading using their computer webcam.

- **Canvas Data 2 (Beta)**
  - Beta access to low-latency transactional and operational data, collected across various educational products and optimized for bulk transfer.
  - When available, this feature will be offered in a Beta User Group for feedback before being released to the production environment.
  - Link: Canvas Data 2: Features and Timeline

- **Discussions Sort Controls**
  - Allow users to sort discussions by oldest or newest replies.

- **Homeroom Dashboard for K-5**
  - Allow K-5 institutions to set a redesigned dashboard for a teacher to manage the homeroom course.

- **LTI Deep Linking Custom Parameters**
  - Support a returned custom parameter from the deep link response message to provide to the tool in subsequent launches.

- **Modules Support for New Quizzes**
  - Allow instructors to use new quizzes in a modules workflow.
