[View markup for Week 1 Research Topic and Question worksheet \(2\) \(1\).docx](#)

Jennifer, excellent job describing your research topic and explaining how it relates to your major. Excellent job filling in the KWLH chart. It looks like you chose a topic that you are really interested in and that you were able to find some good information about. Good job creating a research question valid for research. You followed the guidelines well. For the APA/Mechanics, good job on the title page, running head, and format. For the mechanics, I did make a minor comment. See in-text notes in Waypoint for details. If you are unsure how to do this, there is a video in the course announcements for help.

( 2.00 / 2.00) Describes Chosen Research Topic, and Explains How It Relates to One's Major

Distinguished - Thoroughly describes chosen research topic, and comprehensively explains how it relates to one's major.

( 4.00 / 4.00) Completes the KWLH Chart

Distinguished - Thoroughly and accurately completes the KWLH chart with at least three thoughtful and well-developed entries per column.

( 3.00 / 3.00) Develops a Research Question Using the Chart in the Worksheet
