

DROPOUT DETECTIVE™ ATHLETIC EDGE

Support your student-athletes (or other cohorts) by providing daily academic updates to advisors and coaches

Dropout Detective can support a specific subset of your student body (like athletes) and provide you with a daily analysis of which students are struggling in their courses. Dropout Detective offers the following student support tools.

DASHBOARDS

Create groups of students (sports teams, for example) and give the appropriate advisors access only to their group(s). Football, softball, basketball and volleyball teams can each have their own dashboard.

VISIBILITY

Dropout Detective will identify academic and engagement factors that contribute to a student's struggles.
